Find the sum.

$$1.85.5 + 0.0333 = 85.5333$$

$$2. \quad 0.0897 + 26.3 = 26.3897$$

$$3. \quad 0.0734 + 24.4 = 24.4734$$
  $4. \quad 877 + 36.1 = 913.1$ 

$$4.877 + 36.1 = 913.1$$

$$5. 6.66 + 15.8 = 22.46$$

$$6.78.1 + 0.0328 = 78.1328$$

$$^{7}$$
 97.0 + 0.27 = 97.27

$$8. 563 + 0.0290 = 563.0290$$

$$10.94.3 + 0.324 = 94.624$$
