

Calculate the area of each circle.

1.                      

2.                      

3.                      

4.                      

5.                      

6.                      

7.                      

8.                      

9.                      

10.                      

11.                      

12.                      

13.                      

14.                      

15.                      

16.
