Find all words below. Words can be found across, up and down, and diagonally.

- |                     |                     |                 |
|---------------------|---------------------|-----------------|
| area of a circle    | box plot            | coffiecent      |
| common factor       | compound inequality | coordinate pair |
| formula             | function            | inequality      |
| interquartile range | line of best fit    | minimum         |
| mixed number        | pi                  | plane sections  |
| population          | Pythagorean Theorem | quotient        |
| ratio               | signed number       | solid figure    |
| substitution        | tax                 | y-intercept     |
