Find all words below. Words can be found across, up and down, and diagonally.

- | | | |
|----------------|------------------------|----------------|
| adjacent angle | base of an exponent | compound event |
| cube | diameter | formula |
| function | gratuities | inferences |
| markdowns | minimum | origin |
| output | protractor | radical sign |
| random sample | scale drawing | slope |
| standard form | surface area of a cube | third quartile |
| unit cube | unit rate | upper extreme |
