Find all words below. Words can be found across, up and down, and diagonally.

- |                  |                       |                   |
|------------------|-----------------------|-------------------|
| angle            | area of quadrilateral | axis              |
| commissions      | coordinate plane      | coordinates       |
| factor           | hypotenuse            | markups           |
| negative numbers | order of operations   | outlier           |
| scatter plot     | solution area         | solution set      |
| surface area     | term                  | three-dimensional |
| variable         | volume                | whole numbers     |
| x-axis           | x-coordinate          | y-axis            |
