Find all words below. Words can be found across, up and down, and diagonally.

- |                    |                      |              |
|--------------------|----------------------|--------------|
| acute triangle     | base of an exponent  | data         |
| dependent variable | equivalent           | exponent     |
| graph              | independent variable | maximum      |
| mean               | multiple             | numerator    |
| plane sections     | polygon              | prism        |
| quotient           | random sample        | ratio        |
| simplify           | unlikely event       | variable     |
| vertical angle     | whole numbers        | y-coordinate |
