Find all words below. Words can be found across, up and down, and diagonally.

- | | | |
|----------------------|-----------------|-----------------|
| circumference | compound event | constant |
| corresponding angles | diagram | frequency |
| geometric figure | inequality | markups |
| negative numbers | ordered pair | pi |
| positive numbers | proportion | quadrilateral |
| quantity | rational number | regular polygon |
| simple interest | transversal | triangle |
| unit rate | volume | y-axis |
